The Editor of the INTELLIGENCER is absent this week, attending Court at Walhalla and the State Convention in Columbia, which accounts for the absence of editorial matter.

A LOVE FEAST AT CHICAGO.

The Gathering of Ex-Carolina Buzzards. WASHINGTON, June 21 .- The gathering of ex-carpet-baggers from South Carolina at the Chicago Convention partook of the nature of a genuine love feast.

Ex-Collector Worthington, of Charleston, delights to tell a story, even though it be against himself, and the other evening he was describing the flock of buzzards with great gusto. Of course he said there were the members of the delegation, all looking hearty and fat. Cor-bin, Taft, Tom Johnson, Brayton and the smaller fry, Postmasters Boone and Whittemore with their crowd of darkies. Even the disposition of the petty honors of the Convention brought about a division of sentiment, and a lively discussion was inaugurated. A parlor in the Sherman House was secured for the use of the delegation, and they resolved themselves into a caucus, appointed a sergeant-at-arms and balloted for the position of chairman of the delegation. Deas made a speech which could be heard all over the hotel favoring the selection of Bray-ton for this honor, and his howls attracted the attention of the guests of the hotel. Crowds gathered at the door leading into the room occupied by the delegation, and many present thought at one time that it would be necessary to invoke the aid of the police to quell an

anticipated riot. Five hours were devo-

ted to the consideration of the momen-

tous questions affecting the delegation,

and the flight narrowed down to one between Smalls, who supported Corbin

against Brayton, the latter succeeding as

chairman by voting for himself. More fun was created by the attitude of the delegation towards Frank Moses when he visited them at their hotel and endeavored to be friendly with his old associates. From their actions it would never have been supposed that any of them had ever seen the inside of a jail. for they endeavored to give the ex-Governor of South Carolina the cold shoulder after the most approved style. Poor Frank was badly cut up at such shabby treatment, and almost wept as he bewailed the actions of his old cronies. Sam Lee, pitying his situation, gave the ex-Governor a ticket of admission to the stage of the Convention, which was promptly disposed of for a cash consideration, and Moses did not again turn up. Moses looked thin and feeble, but was as clean and neat in his person as ever. He told a sympathizer that the action of his former friends was the cruelest stab that he had ever received.

L. Cass Carpenter was also on hand, but from Colorado, and although with the Blaine men he was not a supporter of the Plumed Knight. Chamberlain was expected but did not come, as he was among the Independents and could not be chosen from New York where he is now located, and his old associates do uot take much stock in him. Among others present was Jim Thompson, formerly of the Union-Herald, for the Radicals one week, and the Democrats the next, thus alternating his politics. Nagle was on hand looking as fat as a pig, but he seemed grieved that Frank Moses did not recognize him, especially as he called to mind the many judgments standing against him as endorser of the notes of the ex-Governor. Ex-Senator Patterson was conspicuous

for his absence and a great many inquiries were made for him. Comparing notes as to old times and acquaintances was the favorite pastime of the gathering, as well as referring to the fate of old comrades. Wilson Cook entertained a select circle with a story of how he scared Leslie at Topeka, Kansas, some years ago by slapping him on the back and saying, "You are my prisoner, sir." Leslie thought Cook had the necessary papers for him, and he plead with Cook for mercy with tears in his eyes. Finally he consented to "set 'em up," when told that it was only in fun. Some one referred to ex-Senator Patter-son's running in the ground a street railroad at Baltimore, and leaving the stock-

holders the ties and a yard full of boxes when he got through. Another had seen Hardy Solomon selling bread at Kansas City, and so it went on. "Oh, it was rich, I can assure you;" "it was good to hear the boys talk," said the excollector.—Special Dispatch to the Sunday

From the Chicago Herald, June 5. Armed with an order from the sheriff,

a Herald reporter yesterday presented himself at the jail to see "Dr. Warren," otherwise ex-Governor Franklin J. Moses, of South-Carolina. After a little waiting he was conducted to "Dr. Warren's" cell. The "Doctor" sat in the door with a big tin cup of coffee before him. A slender figure in shirt sleeves; a splendid head of silver gray hair, cut with a "bang" and parted in the middle; an aristocratic face, a keen blue eye, a large nose, a gray beard of perhaps two weeks' growth-otherwise facial and personal neatness—made up the picture. The Herald man recognized his victim at the first glance and extended his hand through the bars. "Frank, how are

The ex Governor looked a moment in bewilderment, and then a pained look came over his face. "My G-," he said,

Thirteen years ago the Herald representative, then connected with a New York paper, had represented that journal at two sessions of the South Carolina Legislature. Franklin J. Moses at the first session was Speaker of the Assembly and the avowed candidate for Governor pledges the party to vote for women suffto succeed the carpet-bag Governor, R. K. Scott, of Ohio. Moses was elected Governor to succeed Scott, and held the office three years. He was a power in the South. Young, brilliant, unscrupulous, he wielded a terrible power for mischief. He was not a carpet-bagger. He and his father and his grandfather were born on Palmetto soil. His family were among the most respected in South Carolina. They lived at Sumter. Frank, the son, and afterward the Chief Justice, the father, joined the carpet-baggers. The old man tried to do what was right in the electoral contest of 1876, and in a measure redeemed himself, but for Frank, the Governor, who had consorted with carpet-bag and negro thieves both in the State Government and Legislature, there was no forgiveness. When Hamp-ton came to be Governor, Moses, the carpet-baggers and the vultures generally fled like thieves at the sound of a policeman's rattle.

When "Dr. Warren" had recovered his surprise at meeting an old South Carolina acquaintance, his first question was: "Are you still a newspaper man?" and his next imploring words were: "Now don't make this any worse than it is!"

. The Herald man smiled at the thought that such a fall could be any worse, but he promised not to refer to the "Doctor's" present troubles. "I only wanted," he said, "to know if you were the real and genuine Frank Moses?"

wholly without hope. I don't ask any old friend to trust me. I recognize the lisgrace of it all. I must fight my own pattle, and just now fate seems rather hard. Now, please don't tear me all to pieces, will you?" The tone with which this was said would move an obelisk from its base. The Herald man replied that he cared nothing for the ex Governor's troubles in a newspaper sense. He did want to recall old times and ask after old acquaintances during the good old days of pelf and plunder in the Palmetto State. "What, for instance, has become of Governor Scott?" he asked by way of

starting the conversation.

The "Doctor" looked a minute through his bars as if engaged in a work of introspection. "Oh, yes; Scott," he said. "Well he's down at Napoleon, Ohio. He got out of that murder scrape by paying handsomely the widow of his victim. When he did that the jury called it an 'accident.' Oh, Scott acted honorably in that as he always did in everything." "And Cardozo?" pursued the reporter. "Cardozo is a Spanish mulatto, and is sharper than chain lightning. He was convicted of malfeasance and bribery, was pardoned by Hampton, and is now a clerk in the treasury department at Washington, and is one of the best clerks there. Been promoted three or four times. You know he always was the best accountant we had there. If ever I wanted a correct statement of anything I relied on Cardo-

The Roar For Cleveland.

WASHINGTON, June 20 .- The feeling among the Democrats here in favor of Governor Cleveland is very strong. Logan voted in 1848 for a constitutional provision prohibiting any negro or mulatto from settling in the State of Illinois. He also voted in favor of a con stitutional provision to exclude negroes from the right of suffrage or the right to hold office. But this is not all. Logan was a member of the Illinois legislature in 1853, and as a member of the judiciary committee, he reported the following If a negro or mulatto, bond or free

shall hereafter come into this State and remain ten days with the evident intention of residing in the same every such negro or mulatto shall be deemed guilty of a high misdemeanor, and for the first offense shall be fined the sum of \$50. If such negro or mulatto shall be found guilty, and the fine assessed be not paid forthwith to the justice of the peace before whom the proceedings were had, it shall be the duty of said justice to commit said negro or mulatto to the custody of the sheriff, or otherwise keep him, her or them in custody; and said justice shall forthwith advertise said negro or mulatto, and on the day and at the time and place mentioned in said advertisement the said justice shall, at public auction, proceed to sell said negro or mulatto to any person or persons, who will pay such fine and costs for the shortest time; and said purchaser shall have the right to compel said negro or mulatto to work for and serve out said time. If said negro or mulatto shall not within ten days after the expiration of his, her or their time of service, as aforesaid leave the State, he, she or they shall be liable to a second prosecution, in which the penalty to be inflicted shall be \$100 and so on for every subsequent offense the penalty shall be increased \$50 over and above the last penalty. He drew up this bill; he reported it to the house, and he advocated it on the floor. It was his bill, and it became law, and remained a law until 1865.

The records of the Illinois legislature establish all we have stated. It is therein printed that Logan was before the war the most bitter and unscrupulous enemy of the colored race that could be found in the country. He hesitated at nothing. If a colored man came into the free State of Illinois he wanted him sold into slavery if he could not pay a series of heavy fines. The most cruel and arbitrary measures were the measures he preferred in the cases of negroes or mulattoes found in the State. And this man is John A. Logan. It is the same man that is now seeking the votes of colored men, on the ground that he has been their best and truest friend. The bare truth is, he is the same Logan at heart ver, and no base metals approach the that he was in 1853, and if he was in earnest then he is a hypocrite now. The printed records of the Illinois legislature leave no doubt of his desire at that time

The crop of this year is enormous, almost, if not quite, unprecedented, while the foreign demand grows beautifully less. If bread be not cheap, it is the fault of grain gamblers and not of Nature. Moses at His old Tricks.

A few days ago a man giving the name of Dr. Warren, of Philadelphia, but afterwards changing it to James K. Lawrence, of Dover, Del., was arrested in Chicago on a charge of obtaining money by false pretences from two or three physicians of that city. He proves to be the notorious ex Governor Moses, of this State. We take the following from the Chicago Tribunc:

J. B. Warren claimed to be a delegate

to the late Convention from Terre Haute.

He acted also as a representative of a photographic establishment which enarges pictures. He secured orders and collected on the same about \$700. Warren entered the office of Dr. J. H. Hollister and introduced himself as Dr Morton, from Philadelphia. He chatted pleasantly with the Chicago physician and before leaving the office asked Dr. Hollister to lend him \$25 to help him back to Philadelphia, when he would promptly forward the money. Dr. Hollister soon discovered that he had been duped in lending the money and swore out a warrant for his arrest. Warren was caught and brought before Justice Foote, who continued the case in \$500 bail to June 18. While in the armory JULY. lock-up Warren was identified by Dr. J.

THE VAN WINKLE FEEDER AND CONDENSER can be attached to any other Gin, so parties having other make of Gins and wishing Feeders or Condensers can be supplied by sending in their order in time, and I will guarantee satisfaction.

Has long been before the public, and is too well known to need any further description. Its chief points of merits are: It takes very little room, is easily handled, and takes so little power; can be used on all kinds of powers—horse, water or steam. Ginning and packing can all go on at the same time, without interfering with the Gin. A two-inch belt will pack a 500 lb, bale of cotton. It saves its cost the first searon in labor. saves its cost the first season in labor.

Read the following Testimonial: Annenson, S. C-Mr. John E. Peoples-Sir: The Steam Power Van Winkle Cotton Press bought from you last Fall has given entire satisfaction. I packed bales of cotton weighing 660 to 725 lbs. in five minutes with all ease, using a 4-inch belt and 25 lbs. steam. There did not seem any more strain on the Press than with a 450 lb. bale. For dura-

bility, strength, lightness of power, small quantity of steam required, economy of space, I deem it the King of all Cotton Presses; especially so as the low price at which it can be bought for puts it within reach of every man running a steam Gin. In fact I would not be without it for twice its cost. I would advi se all my friends to buy one of Van Winkle's Steam Power Cotton Presses, as you will save its cost in labor in one year.

made of the best imported steel. The saw shaft is the largest made. An examination of other Gins will convince you it is the most substantially built Gin in use. It never breaks the roll, and therefore does away with the expense of the revolving head, as the secret of making the Gin to prevent its breaking the roll is in the proper shape of the roll-box. Every one should examine the improvements in the Hall Gin made this year, especially the improvement in the Feeder. Below I give you a few names of those who have purchased the Hall Gin:
